

# Premium Support Packages

Personalized Services Ensure  
Maximum Uptime and  
Operational Efficiency

Spectracom products are designed to provide the highest levels of reliability. Should one of our products experience a problem, a Premium Support Package\* (PSP) guarantees you a fast resolution that will get your operations up and running in the shortest possible time. For the most critical applications, we offer a Gold Level PSP to keep your systems operating at maximum efficiency. Combined with our industry-leading, five-year warranty on most products, a Spectracom Premium Support Package is an investment you can make with confidence.

## Premium Support Package Benefits

- 24/7 access to Spectracom support services team
- Valuable technical and service knowledge from experts
- Fast diagnostics and streamlined repair services
- Priority shipping and turn-times to minimize equipment downtime
- Immediate access to replacement products
- Access to software updates
- Regular scheduled calibrations
- On-site troubleshooting

## Service Descriptions

### 24x7 Telephone support

- Response time less than 60 minutes from receipt of call
- Includes support for web user interface utilizing remote terminal capability

### Equipment Service / Repair

- Service/repair on Spectracom equipment in-warranty or out-of-warranty
- Priority scheduling
- Fast turnaround through streamlined process
- Express 24-hour loaner service (loaners are sent out by next business day)

## Advanced Replacement

- Shipment of replacement products the next working day from receipt of call
- Where applicable Spectracom will deploy a set of advanced replacement products close to the customer site. These products remain Spectracom property and will be used as replacements only if a failure occurs.

## Software Updates

- Access to software and firmware updates that incorporate enhancements and improve reliability

## Calibration

- Priority calibration turn-time provided for supported instruments

## Onsite Troubleshooting

Should an on-site service visit be necessary, Spectracom will provide a technician to evaluate and troubleshoot Spectracom equipment. These site visits will include:

- Dispatch of a technician when a site visit is necessary
- Up to 2 days of onsite troubleshooting, repair, service and test
